# Experience Magic

## Culture

Strong cultural heritage that blends indigenous, Mayan and European make the ethnic diversity, which is visible in the languages, traditions & beautiful colors.

## Villages & Boutique Hotels

Guatemala has some of the most colorful and beautiful villages we've ever seen. Starting with Antigua with old colonial spanish style and cobble stone streets surrounded by three volcanoes (one of them active). It really sounds like a fiction movie scene. This small villages make the perfect place for architects, artists and decorators to have a blast with small boutique hotels. Small properties that reflect old-town charm and local modern art with easy going nature of local hospitality. We love discovering new places to stay, but mostly we are passionate about finding the best room for our clients.

**We Know about that room with a view.**
